

Improving Public Policy: Companies and Jobs Creation

Policy Problem:

- *What if we could see what is the effect of opening new companies to the job supply of a municipality?*
- *Could we predict the effect in the job market with the creation on companies, in the different industry types?*

Mapping & Future Work Opportunities

Bayern and Baden-Wurtemberg Firms

Bayern and Baden-Wurtemberg Firms

Where to go from here:

- Prediction Model: Determining the effect in the how the creation of a company in a specific sector would affect job supply in the different municipalities.
